We receive many applications and do our best to fulfill each one. However, for logistical reasons we must group our garden building events geographically and can only build in four areas per year. If we don't build with you this year, we won't forget you. Every spring we go back through our list and try to group our garden building events based on where we have the most outstanding applications. Encouraging your neighbors to apply will increase your chances of a garden building event in your area.

If at any point your contact information changes, please let us know.

If you have any questions please call (206) 633-0451 ext. 116 or e-mail justgarden@seattletilth.org
