2021 Tilth Alliance Summer Camp Guide

At Tilth Alliance’s summer camps, kids 1-15 years old spend summer days outdoors being urban farmers and gardeners - discovering where our food comes from and learning about the natural world. Summer camp is also a time to have fun adventures exploring our gardens and farm, engaging in science investigations, making art, singing songs and cooking up delicious dishes - all with urban farm flair!

Please consult the Covid-19 Safety Guidelines document on the Farm and Gardens camp page for full details on our safety policies. Camp participants will also be emailed prior to their camp week with details on our policies and how to be prepared.

**WHAT TO WEAR**

**Clothing**
Campers should wear clothes that are ready for a wide range of outdoor activities from soil digging to salsa-making. Camps run daily, rain or shine, so please make sure campers are prepared with clothing for forecasted weather. We recommend light layers for the morning, even on sunny days.

**Footwear**
Campers should wear closed-toe, comfortable shoes that can handle time on the farm/gardens and time on the playground. Please do not wear flip flops!

**Labels**
Please label your child's belongings. We end up with many unclaimed items after camp.

**Change of clothes**
Though not required, we always appreciate you sending a spare set of clothes in campers’ backpacks in the case of accidents/spills.

**FOOD**

**Snacks/Lunch**
Please send campers with small snack items for morning snack time and a sack lunch. Lunches will be stored in a cooler. Snack breaks and lunch take place out in the field. It is our policy that campers are not allowed to share snacks from home.

**Food Allergies**
Please be sure to make note of any food allergies your child may have during registration!

Although we do not prohibit nuts from camp, due to the high prevalence of nut allergies/sensitivities, we ask that you please consider sending nut-free snacks and lunches with your child. On camp weeks in which participants have allergies, certain ingredients may be prohibited out of courtesy for all participants.

**MEDICATION**

If you are bringing any medication to camp with your child (including rescue inhalers and EpiPens), we ask that you please adhere to the following guidelines:

- Please sign a Medical Authorization Release form which authorizes camp staff to administer medication to your child (required by state law).
- Please give all medications to your child’s camp instructor at check-in and advise whether the medication should be returned at the end of each day or stay on-site for the duration of camp.
• All medications must be in their original packaging and labeled with appropriate prescription, dosing and/or pharmaceutical information.
• Over-the-counter medications can only be accepted and administered with written authorization and dosing information from a healthcare provider.

CAMP STAFF

We work hard to hire experienced staff each summer for camp. Our Instructors have backgrounds in environmental education, gardening, and/or teaching fields. We also work with talented adult volunteers who are interested in learning about garden education and provide additional support.

JUNIOR COUNSELORS

Junior Counselors are middle school and high school students who are at least 12 years old and are interested in being trained in leadership and outdoor education. Junior Counselors are never solely responsible for children during camp. They provide extra support to camp Educators and act as role models for campers. The Junior Counselor experience is tailored to fit the interests of the child.
CAMP CULTURE

About Our Camps
Tilth Alliance has been offering children’s garden education for more than three decades. We provide a positive, structured and educational outdoor learning environment. Our camp schedule is posted at the beginning of the week, and our daily schedule stays consistent, so campers can learn routines and are able to anticipate what’s next.

Campers are invited to participate in a wide range of activities throughout the week. We’ve found that the structure and flow of camps supports success for a wide range of learning styles and abilities. Campers often make new friends and form strong bonds with adult and junior counselors.

Camp Day Structure
Daily activity schedules at camp provide opportunities for structured activities while also allowing for plenty of supervised unstructured time. Periods of time are built into schedules for natural play, free exploration, nature journaling, fort-building, and other similar unstructured activities that allow campers to experience the joy of playing outdoors. Campers will fluctuate between engaging in focused science/cooking/arts activities and enjoying free-play time.

Friends and Siblings
As long as they are in the same age group, we often have siblings and friends attend camp together. Throughout the week, campers spend time in large groups for circle time, snack, lunch, field games, tea, and free exploration. They also work in smaller groups on projects and activities.

Camp Expectations
Campers and staff alike are required to follow camp rules at all times to ensure everyone stays safe and enjoys their time at camp. We will go over the camp rules with campers on the first day of camp, and gentle reminders are given throughout the week. We encourage you to review these expectations with your child prior to camp.

1. **Be Safe:** Safety is our highest priority. In order to keep campers safe, we ask everyone to stay with the group at all times, walk in the garden, reserve running for the field and playground, and refrain from fighting (even play fighting).

2. **Be Kind:** Kindness includes listening and showing respect. If we listen to the staff, each other and the living beings on the farm and in the garden, we can learn many exciting and wonderful things! We also work on being kind to each other and respecting each other’s space and what everyone has to say. This also includes respecting the plants and animals in the garden and on the farm. We can do this by waiting to be invited before picking plants or touching animals. When we listen to others and respect what they say, they are more likely to listen to us when it is our turn.

3. **Try New Things!** Campers may try a new activity or taste a new food while at camp. We understand that this can be scary, but we ask campers to keep open and positive minds. Being willing to try new things will lead to new experiences and lots of fun!

Please note that we close online camp registration on the Thursday night before the camp week. For example, in order to register for Grow a Farm Stand week beginning on July 20th, you must register by end of the day on Thursday July 16th. The Friday before the camp week will be the final day to register online or via special request.

SAFETY POLICIES

Bathrooms

Counselors are never with children alone. We schedule time throughout the days to visit the bathroom in small groups. If a child needs to use the restroom facilities outside of these times, a camp staff member will take a minimum of two children and accompany them to the restroom. Staff remain outside and ask other staff or members of the public to wait until all campers have left the restroom.

First Aid

Camp staff carry a first aid kit with them wherever they go. Campers sometimes get minor scrapes and bruises while playing and exploring outdoors. Camp staff are certified and prepared to administer basic first aid. While more severe injuries are extremely rare, we will always keep parent contact and medical release information close at hand and will call if needed. All incidents will be documented by camp staff in an Incident Report form, and a copy will be provided to the parent/guardian of the camper.

Behavior Policy

Campers are expected to be kind and respectful of their fellow campers. If an incident arises requiring the mediation of a staff-member, it will be documented in an Incident Report form and brought to the attention of the parents/guardians. Camp staff at Tilth Alliance will foster an environment where everyone is welcomed and treated respectfully.
In the instance that a camper exhibits repeated signs of disrespect toward fellow campers or staff, the Camp Director will arrange for a meeting with parents/guardians with the goal of correcting the behavior. In instances of violent or abusive behaviors, Tilth Alliance reserves the right to dismiss a child from camp.
