About Seattle Tilth
Learn, grow & eat with us!

Find out more at seattletilth.org.

Adult and Kids Education
We have been teaching people of all ages to grow food organically for 36 years. Read this booklet to learn about our upcoming classes for adults and kids camps and school tours.

Become a Member
Members receive discounts on classes, invitation to members-only events, our bi-monthly print newsletter and a vote for Seattle Tilth’s Board of Directors. Look for member pricing on each class.

Lend a Hand, Volunteer
Our volunteer program attracted 1,700 people last year and dedicated volunteers and interns play an essential role in helping Seattle Tilth accomplish our mission. Consider volunteering in our gardens and farms, events, classes, camps and office!

Visit Our Learning Gardens & Farms
Seattle Tilth maintains community learning gardens and farms in north, central and south Seattle, Auburn and Issaquah. We demonstrate innovative organic agriculture techniques and offer hands-on learning experiences. Several sites are open for self-guided tours; see map on back page.

Gain Farm-to-Market Skills
Learn to farm with us! Homeless and underserved youth learn job and leadership skills through Seattle Youth Garden Works, an urban agriculture youth employment program. Immigrants, refugees and low-income individuals develop small farming businesses through Seattle Tilth Farm Works.

Ask the Garden Hotline
Ask us your garden questions! The Garden Hotline offers individualized solutions to your garden problems.
(206) 633-0224 // help@gardenhotline.org

Be an Environmental Ambassador
Participate in free educational training in composting, recycling or water conservation, then provide community education on these topics as a volunteer natural resources ambassador.

Cook with Us
We bring people together to cook and share meals in their own neighborhoods – at schools, community centers and churches. Find out about about Community Kitchens Northwest on our website.

Build a Just & Secure Food System
Seattle Tilth is finding creative ways to address hunger and food security. The Just Garden Program is building garden beds for low-income families in King County. At Rainier Beach Urban Farm and Wetlands, we are growing, sharing and eating fresh, healthy food with community members.

Support Our Work
Several of our programs do not generate income and require support from the community. Consider making a charitable contribution to help us offer our educational programs to people with limited financial resources.
Organic Gardening
Eating fresh veggies and herbs that you grow yourself is a thrill! Learn how to get the best results using organic methods – healthy for you and the environment.

Container Gardening 101
- Saturday, May 10; 2–4 p.m., BGP
Container gardening is great for beginning gardeners, apartment dwellers or anyone looking to add extra space or variety to his or her garden. This class will introduce you to the many benefits of container gardening and cover everything you need to get started, from choosing containers and crops to ongoing maintenance. Leave with the knowledge you need to grow herbs, salads, small fruits and heat-loving crops like tomatoes and peppers in containers! $36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS

Some Like it Hot: Grow Great Tomatoes
- Saturday, May 10; 10 a.m.–noon, BGP
- Thursday, May 22; 6:30–8:30 p.m., GSC
Get ready to grow the biggest and most flavorful tomatoes, peppers and other heat-loving crops. Fresh tomatoes and peppers are some of the most delicious veggies, but they can be tricky to grow in our cool summers. This class will teach you everything you need to know to grow the biggest, earliest and most flavorful warm weather crops. You will learn about season extension techniques, trellising, pruning, fertilizing, watering and harvesting. Use these techniques to try tougher crops like melons and eggplants. If you love tomatoes and peppers, don’t miss this class! Be the envy of your neighbors. $36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS

Organic Gardening 101
- Saturday, June 7; 10 a.m.–2 p.m., BGP
- Saturday, July 12; 10 a.m.–noon, BGP
Start Your Fall and Winter Garden
- Saturday, July 12; 10 a.m.–noon, BGP
- Thursday, July 31; 6:30–8:30 p.m., GSC
- Saturday, August 16; 10 a.m.–noon, GSC
Midsummer is the perfect time to start planning for your fall and winter garden so that you can keep eating fresh vegetables all year. Learn how to choose appropriate seeds and start new plants into your existing garden, and use special season extension techniques. We’ll discuss overwintering veggies and hardy greens that can be harvested throughout the fall and winter. A little planning and effort now will pay off deliciously during the dark days of winter! $36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS

Secrets of Companion Planting
- Saturday, May 17; 10 a.m.–noon, GSC
- Saturday, August 2; 10 a.m.–noon, BGP
Learn how to choose plants that grow well together, rather than competing for resources. This class introduces you to many ways you can combine plants to maximize your harvest and make the most of your space. Learn about the different characteristics of annual and perennial food crops and how to plan accordingly. We will also explore the permaculture concept of “plant guilds” and discuss how to use nature as a model for your garden. $36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS

Organic Pest Management
- Saturday, August 2; 2–4 p.m., BGP
Now that your garden is growing all you have to do is sit back and watch, right? But wait, who’s eating holes in your broccoli and what about all of those weeds? Learn how use plants to attract beneficial bugs that can pollinate your crops and eat damaging insects, as well as how to deal with the pesky pests who eat your veggies. Leave with a basic understanding of organic pest management practices to deal with pest, weed and disease control in the vegetable garden. $36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS

Save Seeds
- Wednesday, August 20; 6–8 p.m., BGP
- Thursday, Sept. 4; 6–8 p.m., GSC
Save Seeds is an ancient tradition that can help you save money, be more self-sufficient, and join the global movement to preserve biodiversity. We will discuss the many benefits of seed saving, the science of pollination, and the full process of seed saving including how to choose the best parent plants and the best way to store seeds. Save saving seeds this summer to get ready for next year’s garden and have more than enough to share with friends and family. $36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS

Comprehensive Organic Gardener
- Wednesday, July 16; 10 a.m.–3 p.m.; Sept. 10–Oct. 1; GSC
The Comprehensive Organic Gardener course gives urban gardeners a complete introduction to the dynamic world of organic gardening and an opportunity to meet a growing community of fellow edible gardening enthusiasts. This intensive program emphasizes experiential, hands-on learning to present scientific and practical information. Basic concepts that we cover include building healthy soil, garden planning, crop rotation, organic pest management and seed saving. Leave fully equipped to start producing food for yourself, your family and friends! $275 INDIVIDUAL, $235 SEATTLE TILTH MEMBER

BGP = Bradner Gardens Park  GSC = Good Shepherd Center  See map on back cover for addresses.
Urban Livestock

Taking care of animals and keeping them healthy requires knowledge and preparation. Take a class and gain a solid foundation. You will love the fresh, delicious, home-grown products and caring for your new friends!

City Chickens 101
• Saturday, May 17; 10 a.m.–12:30 p.m., GSC
• Saturday, July 19; 10 a.m.–12:30 p.m., GSC
Interested in tending a flock of your own? Find out exactly what it takes to keep chickens in the city so you can collect delicious eggs from your own backyard. This class is an introduction to caring for adult chickens, including chicken physiology, behavior, health and nutrition, and coop requirements. Learn the most important considerations in caring for a small flock of hens in a limited space and leave with the knowledge you need to start your own flock.
$40 INDIVIDUALS, $30 SEATTLE TILTH MEMBERS, $60 HOUSEHOLD PRICE FOR TWO ADULTS

Raise City Ducks
• Wednesday, July 16; 6:30–8:30 p.m., GSC
Ducks provide excellent pest control for your garden and lay large, rich eggs that are great for baking. They also can become charming and fun backyard companions. This class starts with the many benefits of raising ducks and covers basic physiology and behavior, housing, nutrition, city regulations, different breeds and egg laying. Leave with a clear understanding of how to get started raising ducks in the city.
$36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS

Raise City Rabbits
• Wednesday, July 23; 6:30–8:30 p.m., GSC
Rabbits can be great additions to your urban farm as both livestock and pets. They turn garden trimmings into the best fertilizer, grow wooly fiber that can be spun and knitted into clothing, and can be harvested for meat and pelts. This class covers choosing breeds for specific purposes, housing requirements, feeding, health issues and best practices for harvesting different products. Leave the class with the basic information needed to decide if keeping rabbits is right for you and how to get started.
$36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS

Beekeeping 301:
Harvest Honey and Winterize Your Hive
• Saturday, July 26; 10 a.m.–noon, GSC
• Thursday, August 14; 6:30–8:30 p.m., GSC
This third installment of our Backyard Beekeeping series is perfect for beginner beekeepers working on their first hives as well as intermediate beekeepers looking to gain more skills. Learn about late summer and fall hive management and what you need to do to get your hives through winter. Topics will include queen evaluation, colony manipulation, feeding, honey-harvesting and equipment storage.
$36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS

Raise City Goats
• Saturday, Sept. 13; 10 a.m.–noon, at a private Residence in North Seattle
Learn what it takes to keep miniature goats for fun, food or fiber. This class will introduce you to the basics of keeping mini-goats including city regulations, miniature breeds, yard and shelter requirements, feeding, breeding, milking and keeping your herd healthy. This class will be held at a private residence so you can see an example of goats in action. Participants will leave the class with the basic information needed to decide if being an urban goat-herder is right for you.
$36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS

### Grow Mushrooms
- **Saturday, May 31; 10 a.m.—noon**, GSC
  It is easier to grow tasty edible mushrooms at home or in your garden than you might think! Edible mushrooms add valuable nutrients to your diet and offer endless options in the kitchen. Learn which types of mushrooms grow well in our area and the equipment that you will need to grow them. We will also cover the fascinating basics of mushroom science and how fungi function in nature. We will discuss growing mushrooms on logs and stumps, sawdust and wood chips, coffee grounds and other natural culture methods. Learn how you can fill that shady corner of your garden with edible fungi and gain a fun new hobby!
  **$36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS**

### Small Space and Vertical Gardening
- **Thursday, June 5; 6:30–8:30 p.m.**, GSC
- **Wednesday, June 25; 6:30–8:30 p.m.**, BGP
- **Friday, July 25; 6:30–8:30 p.m.**, BGP
In order to get the most out of a small space you need to grow your garden upwards, not outwards. This class will introduce you to different techniques for maximizing your space as well as the vegetables that can be grown vertically and in small spaces. Create attractive and functional trellises that will improve both the production and appearance of your garden, get creative with containers, and turn walls and fences into edible landscapes. Produce more food than ever and keep your garden looking great!
  **$36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS**

### Weave Flowers into Your Edible Garden
- **Thursday, June 12; 6:30–8:30 p.m.**, GSC
Flowers can bring pollinators, pest-eating predatory insects and even add an elegant touch to your next salad. Not to mention, growing organic flowers for floral arrangements may be just as valuable to you as growing your own food—save money and enjoy the beauty! Learn the anatomy and seasonality of blooms in the garden, permaculture methods of interplanting flowers and vegetables, the basics of annual and perennial flower maintenance, and how to optimize your vegetable space and production with the power of flowers.
  **$36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS**

### Intro to Permaculture
- **Saturday, July 26; 9 a.m.—noon**, GSC
- **Saturday, August 9; 2–5 p.m.**, BGP
Go beyond organic gardening and use “systems thinking” to create efficient and abundant gardens that integrate human needs with the natural ecosystem. The goal of permaculture is to minimize inputs and nurture relationships between plants, animals, environment and people. Gain an introduction to permaculture ethics and principles as well as an overview of techniques that can be applied in an urban environment. Leave this class with a greater understanding of the ecology at work in your backyard and learn ways to integrate the natural systems on your site for a more holistic and self-sustaining garden.
  **$36 INDIVIDUALS, $35 SEATTLE TILTH MEMBERS, $68 HOUSEHOLD PRICE FOR TWO ADULTS**

### Grow Fruit in Small Spaces
- **Wednesday, August 6; 6:30–8:30 p.m.**, BGP
Do you think you need an orchard or a big backyard to grow your own fruit? This class will show you how to utilize small spaces to grow berries and fruits on bushes, vines and trees. Topics include recommended varieties, special techniques for gardening in small spaces and containers and ongoing fruit tree care. Leave with the knowledge you need to make the most of your space and enjoy the perennial fruits of relatively low-maintenance gardening.
  **$36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS**

### Build Unique Raised Beds
- **Saturday, August 16; 2–5 p.m.**, GSC
Learn how to design and construct a raised bed that can help you improve your soil and extend your harvest. We’ll discuss food-safe building materials and construction, soil building and intensive planting techniques. You will be introduced to various types of raised beds, from basic wood frames to straw bales and hugelkultur. Leave with the knowledge and skills you need to start a new garden or improve and expand your existing space.
  **$45 INDIVIDUALS, $35 SEATTLE TILTH MEMBERS, $68 HOUSEHOLD PRICE FOR TWO ADULTS**

### Grow Edible Perennials: Nuts and Berries
- **Thursday, August 28; 6–8 p.m.**, GSC
Edible plants might start in the vegetable garden but they needn’t end there! Long-lived perennial plants give you more variety and can require less work over time than your annual vegetable garden. We will discuss different varieties of trees, shrubs and vines that produce edible nuts and fruit. Adding perennial edibles to your landscape can help you make the most of your space and feed both people and wildlife.
  **$36 INDIVIDUALS, $25 SEATTLE TILTH MEMBER, $54 HOUSEHOLD PRICE FOR TWO ADULTS**

### Native Bees: Introduction and Field Study
- **Saturday, Sept. 13; 10 a.m.—1 p.m.**, BGP
Everyone knows that bees are in trouble, while honey bees have become the poster child for many “save the bees” campaigns. However, native, non-honey bees pollinate over 80% of the world’s flowering plants, and comprise 99.99% of the species diversity of bees. In this course, learn who these bees are, which ones might live in your backyard, and—with hands-on field study—how to identify them. Learn what you can do to conserve these valuable species, including what to plant and how to create hospitable environments. With your newfound “bee literacy,” you will never look at your garden—or any landscape—the same way again! Instructors include an entomologist from WSU and a local pollinator conservationist.
  **$45 INDIVIDUALS, $35 SEATTLE TILTH MEMBERS, $68 HOUSEHOLD PRICE FOR TWO ADULTS**

Kitchen

Discover the full potential of your garden by learning new techniques to prepare and preserve your harvest.

Seattle Tilth’s Food Preservation Certification Course
- Saturdays, 9 a.m.–4 p.m.; May 31–June 28, GSC
Seattle Tilth’s Food Preservation Certification Course provides participants with the knowledge and skills needed to learn and teach others safe methods for food preservation. This intensive training provides an overview of food preservation history, food safety and USDA guidelines for canning different types of food. We will also provide an introduction to fermentation and cover best practices for freezing, dehydrating and pickling. You will leave equipped with the knowledge you need to preserve your own food as well as the teaching strategies that will help you share your skills with others.
$400 INDIVIDUAL, $350 SEATTLE TILTH MEMBER

Basic Canning 101
- Thursday, July 10; 6:30–8:30 p.m., GSC
- Saturday, July 26; 2–4 p.m., GSC
- Saturday, August 23; 10 a.m.–noon, GSC
Learn everything you need to know to safely can fresh food at home. This class provides an introduction to water bath canning, including food safety, necessary equipment and expert tips. Learn the best types of food to preserve through canning and get a chance to experience the process in class. You’ll leave with the skills you need to can jams, tomatoes, chutneys, quick pickles and more. Enjoy the taste of your summer harvest all winter long!
$45 INDIVIDUALS, $35 SEATTLE TILTH MEMBERS, $68 HOUSEHOLD PRICE FOR TWO ADULTS

Pickles and Fermentation
- Thursday, July 17; 6:30–8:30 p.m., GSC
- Saturday, August 23; 2–4 p.m., GSC
Do you love pickles, sauerkraut or kim chee? Learn how to make your own delicious naturally preserved foods and make your summer harvest last throughout the year. This class covers the basics of food safety with different pickling methods. We will also discuss the differences between canning quick-packed pickles and fermenting them and the ingredients and equipment required for both of these preservation methods. You’ll get a chance to try out these methods as we make pickles together in class and take home tested recipes to use in your own kitchen.
$45 INDIVIDUALS, $35 SEATTLE TILTH MEMBERS, $68 HOUSEHOLD PRICE FOR TWO ADULTS

Make Herbal Salves
- Thursday, July 24; 6:30–8:30 p.m., GSC
Discover how to use herbs you can grow in your garden to make healing skin salves. This class covers herb identification, harvesting and processing. We will discuss the beneficial and healing properties of different herbs as well as the different oils and waxes you can use for salves. Salves made from fresh herbs are the perfect foundation for a natural first-aid kit and also make great gifts!
$45 INDIVIDUALS, $35 SEATTLE TILTH MEMBERS, $68 HOUSEHOLD PRICE FOR TWO ADULTS

Make Herbal Infusions
- Thursday, August 21; 6:30–8:30 p.m., GSC
Learn how to infuse garden herbs into vinegars, syrups and oils for medicinal and culinary uses. We will cover herb identification and harvesting and discuss varieties of plants to grow for use in home remedies. Make your own infusions to take home and share with friends and family!
$45 INDIVIDUALS, $35 SEATTLE TILTH MEMBERS, $68 HOUSEHOLD PRICE FOR TWO ADULTS

Summer Garden & Farm Camps

Kids explore the world of insects, soil and plants while learning to tend a garden and grow food. We have guided adventures, make art, read stories, sing songs and have summer FUN! Each camp will be a unique experience for your child – sign-up for multiple camps and build upon the learning and fun.

Parents: plan ahead for summer!

1–2 year olds
Share the fun and excitement of gardening with your toddler! In these hands-on, interactive camps, we will explore the garden how the little ones do best -- looking for bugs, planting seeds, digging with real tools and tasting delicious plants and vegetables. Parents will leave with new songs and gardening techniques for their young children. A snack is provided.
$25, $20 SEATTLE TILTH MEMBERS; REGISTRATION FEE IS FOR ONE CHILD AND ACCOMPANYING ADULT.
• Compost Cuteness
  Wed., June 18; 10–11:30 a.m., GSC
• Sweet Little Peas
  Wed., July 2; 10–11:30 a.m., GSC
• I’m Diggin’ It
  Wed., August 6; 10–11:30 a.m., GSC

2–5 year olds
Share the fun and excitement of gardening with your child! In these hands-on, interactive camps, we will explore the garden together -- looking for bugs, planting seeds, digging with real tools and tasting delicious plants and vegetables. Leave with new songs and gardening techniques for young children. A snack is provided.
$30, $25 SEATTLE TILTH MEMBERS; REGISTRATION FEE IS FOR ONE CHILD AND ACCOMPANYING ADULT.

### SEATTLE TILTH CANCELLATION & PHOTO POLICY:

To change or cancel your registration, please notify by phone (206) 633-0451 ext. 128 or email register@seattletilth.org 14 days prior to the class start date.

Your full class fee can be applied to an alternate class or your tuition can be refunded with a $20 deduction from your registration fee. Requests for changes or cancellations received less than 14 days from the class start will not receive a refund and cannot be transferred to another class.

By registering for classes, you grant to Seattle Tilth, and its successors and assigns, the right to use and publish my photograph, video or voice recordings, or likeness/appearance, with or without my name, on a perpetual basis in any medium or format, for the promotional and educational purposes of Seattle Tilth and the artist who recorded or created the foregoing on behalf of Seattle Tilth. I hereby release Seattle Tilth from all claims and demands that I may have, including without limitation those based on copyright, libel, slander, violation of privacy or publicity.
